**QUATERNARY GEOLOGY**

**LIST OF MAP UNITS**

**GLACIAL MELTWATER DEPOSITS**
- Late Wisconsinan
- Deglaciation
- Inland Dune Deposits
- Deltaic Bedding Locality
- Inferred Glacial Spillway
- End Moraine Deposits
- Inferred Ice Margin Position
- Ice Margin Features
- Drumlin Axis and Center
- Coastal Beach and Dune Deposits
- Glacial Lake Spillway
- Artificial Fill
- Articulated Beds
- Stream Deposits
- Inferred Flood-plain Alluvium
- Residual Dune Deposits
- Inferred Floodplain Spillway

**DEPOSITIONAL PROCESSES**
- Deposition of the morphosequences that progressively filled bedrock valleys and lowlands as the last glacier receded.
- Deposition of the moraines and stratified deltaic, river bottom, and inland dune deposits.
- Deposition of the deltaic and stratified deltaic, river bottom, and inland dune deposits.
- Deposition of the river bottom, deltaic, and stratified deltaic, river bottom, and inland dune deposits.
- Deposition of the stratified deltaic, river bottom, and inland dune deposits.
- Deposition of the deltaic and stratified deltaic, river bottom, and inland dune deposits.
- Deposition of the stratified deltaic, river bottom, and inland dune deposits.
- Deposition of the river bottom, deltaic, and stratified deltaic, river bottom, and inland dune deposits.
- Deposition of the stratified deltaic, river bottom, and inland dune deposits.
- Deposition of the river bottom, deltaic, and stratified deltaic, river bottom, and inland dune deposits.
- Deposition of the stratified deltaic, river bottom, and inland dune deposits.
- Deposition of the river bottom, deltaic, and stratified deltaic, river bottom, and inland dune deposits.
- Deposition of the stratified deltaic, river bottom, and inland dune deposits.
- Deposition of the river bottom, deltaic, and stratified deltaic, river bottom, and inland dune deposits.
- Deposition of the stratified deltaic, river bottom, and inland dune deposits.
- Deposition of the river bottom, deltaic, and stratified deltaic, river bottom, and inland dune deposits.
- Deposition of the stratified deltaic, river bottom, and inland dune deposits.
- Deposition of the river bottom, deltaic, and stratified deltaic, river bottom, and inland dune deposits.
- Deposition of the stratified deltaic, river bottom, and inland dune deposits.
- Deposition of the river bottom, deltaic, and stratified deltaic, river bottom, and inland dune deposits.
- Deposition of the stratified deltaic, river bottom, and inland dune deposits.
- Deposition of the river bottom, deltaic, and stratified deltaic, river bottom, and inland dune deposits.
- Deposition of the stratified deltaic, river bottom, and inland dune deposits.
