

**Towns with
Aquifer Protection Areas**

- | | |
|--------------|--------------|
| Avon | New Britain |
| Beacon Falls | New Hartford |
| Berlin | New Milford |
| Bethany | Newtown |
| Bethel | North Canaan |
| Bethlehem | North Haven |
| Bolton | North |
| Bristol | Stonington |
| Brookfield | Norwalk |
| Brooklyn | Old Saybrook |
| Burlington | Oxford |
| Canterbury | Plainfield |
| Canton | Plainville |
| Cheshire | Plymouth |
| Clinton | Portland |
| Colchester | Prospect |
| Coventry | Putnam |
| Cromwell | Ridgefield |
| Danbury | Rocky Hill |
| Darien | Salisbury |
| Derby | Seymour |
| East Lyme | Shelton |
| East Windsor | Simsbury |
| Enfield | Southbury |
| Essex | Southington |
| Farmington | Sprague |
| Glastonbury | Stamford |
| Goshen | Stonington |
| Griswold | Thomaston |
| Guilford | Thompson |
| Hamden | Tolland |
| Killingly | Vernon |
| Ledyard | Wallingford |
| Litchfield | Watertown |
| Madison | Westbrook |
| Manchester | Weston |
| Mansfield | Westport |
| Meriden | Willington |
| Middletown | Wilton |
| Naugatuck | Woodbury |

Note: Towns in red have adopted the Final Aquifer Protection Areas

NOTE: This map shows Connecticut's Aquifer Protection Areas, as delineated through the Level A and Level B Mapping Processes. Aquifer Protection Areas are delineated for active public water supply wells in stratified drift that serve more than 1000 people, in accordance with Sections 22a-354c and 22a-354d of the Connecticut General Statutes. Level B Mapping delineates a preliminary aquifer protection area, providing an estimate of the land area from which the well draws its water. Level A Mapping delineates the final Aquifer Protection Area, which becomes the regulatory boundary for land use controls designed to protect the well from contamination. As Level A Mapping is completed for each well field and approved by DEEP, it will replace the Level B Mapping.

Towns that have adopted the Aquifer Protection Areas at the local level and for which land use regulations are now in place are designated by the solid red shading above and in red in the list of Towns with Aquifer Protection Areas.

Wellhead protection areas in Massachusetts and Rhode Island are shown for information purposes.

- Legend**
- Level A Aquifer Protection Area (Final Adopted)
 - Level A Aquifer Protection Area (Final)
 - Level B Aquifer Protection Area (Preliminary)
 - Massachusetts Wellhead Protection Area
 - Rhode Island Wellhead Protection Area

CONNECTICUT AQUIFER PROTECTION AREAS

BUREAU OF WATER PROTECTION AND LAND REUSE
DEPARTMENT OF ENERGY & ENVIRONMENTAL PROTECTION
STATE OF CONNECTICUT

August 26, 2019

Base Map data was derived from U.S. Geological Survey Digital Line Graph data, edited by the Connecticut Department of Energy & Environmental Protection. Massachusetts Wellhead Protection Areas are from MassGIS. Rhode Island Wellhead Protection Areas are from RIGIS. This map may be reproduced provided credit is given to all contributing agencies and the Connecticut Department of Energy & Environmental Protection. This map represents the status of Aquifer Protection Area information in the DEP digital database as of the date of this map.

This map was prepared by DEEP, Bureau of Water Protection and Land Reuse, Tel: 860-271-3700. The digital data used in this map is available from www.ct.gov/deep/gisdata or DEEP Office of Information Management, 79 Elm Street, Hartford, CT, 06106-3127. Tel: 860-271-3100. Fax: 860-271-2048. The info on this map are not collected. Protect map from light and moisture.
