This map displays 2006 National Agriculture Imagery Program (NAIP) orthophotography for the State of Connecticut. It is a natural color, leaf on, 3.39 feet (1 meter) mosaic is not color balanced so tonal imbalances between aerial survey taken on July 16th and 17th and August 5th, 2006. The aerial photography is orthophotography and the orthophotography was produced by the National Agricultural Imagery Program (NAIP), a part of the USDA’s Farm Service Agency through the Aerial Photography Field Office in Farmington, CT.

BASE DEP DATA - All data is based on 1:24,000 scale and displays geographic names, places and their symbols, town boundaries, railroads, and airports. Some map data is neither current nor complete. Legal data is based on Title 43 U.S.C. copyrighted data.

HELP US IMPROVE - This map will not display the exact location shown on the aerial photography primarily due to differences in spatial accuracy and data collection dates. Street-level data such as major interstates, U.S. routes, state routes, arteries, railroads, and ferry crossings are displayed yet may not match the locations of such features in the orthophotographs. Also shown are airports, hospitals, educational facilities, train stations, and town boundaries. Important geographic locations and waterbodies are depicted.
