EXPLANATION

This map displays 2006 National Agriculture Imagery Program (NAIP) orthophotography for the State of Connecticut. It is a natural color, based on 1.39 feet (1 meter) aerial survey taken on July 15th and 17th and August 5th, 2006, depending on the area. The materials reviewed is not color balanced so tonal imbalances between the aerial photography primarily due to differences in spatial accuracy and data collection date. Street-level data such as major interstates, US routes, state routes, streets, railroads, and ferry crossings are displayed, yet may not match the location of such features in the orthophotos. Also shown are airports, hospitals, educational facilities, train stations, and waterbodies are labeled. For a list of airports, hospitals, educational facilities, train stations, and waterbodies are labeled. This map is not colorfast.

BASE MAP DATA - All data is based on 1:24,000 scale and displays geographic names, places and their symbols, town boundaries, railroads, and airports. Some map data is rather current net complete. These data is based on the USGS orthophotography data.

DATA SOURCES

ORTHOPHOTOGRAPHY - Imagery provided by the National Agriculture Imagery Program (NAIP), a part of the USDA’s Farm Service Agency through the Aerial Photography Field Office in Salt Lake City.

BASE MAP DATA - All data is based on 1:24,000 scale and displays geographic names, places and their symbols, town boundaries, railroads, and airports. Some map data is rather current net complete. These data is based on the USGS orthophotography data.

MAPS AND DIGITAL DATA - Visit the CT DEP website for this map and a variety of others in PDF format. Visit the CT DEP website to download the base map digital spatial data shown on this map.
