This map displays 2009 Capital Region Council of Governments (CRCOG) Orthophotography. The imagery is very high resolution, 2.5 inches (0.25 ft) per image pixel), color, leaf off and covers the towns of Andover, Avon, Bolton, Columbia, Farmington, Glastonbury, Granby, Hartford, Hebron, Marlborough, Newington, Plainville, Rocky Hill, Simsbury, Somers, South Windsor, Suffield, Tolland, Vernon, West Hartford, Wilton, and Windsor. The imagery was taken during the Spring of 2009. The high resolution of the imagery allows for a map of Wethersfield, Windsor, and Windsor Locks. The imagery was taken during orthophotography. The orthophotography primarily due to differences in spatial accuracy and does not include all urban areas, streets, railways and ferry crossings are displayed but may not match the locations of such features on the orthophotography. Also shown are comprehensive, detailed planimetric data. It is intended to support mapping and geographic names, places and Governments, (CRCOG), and the Connecticut Office of Policy Management.

DATA SOURCES
- Orthophotography: The imagery is very high resolution, 2.5 inches (0.25 ft) per image pixel), color, leaf off and covers the towns of Andover, Avon, Bolton, Columbia, Farmington, Glastonbury, Granby, Hartford, Hebron, Marlborough, Newington, Plainville, Rocky Hill, Simsbury, Somers, South Windsor, Suffield, Tolland, Vernon, West Hartford, Wilton, and Windsor. The imagery was taken during the Spring of 2009. The high resolution of the imagery allows for a map of Wethersfield, Windsor, and Windsor Locks. The imagery was taken during orthophotography. The orthophotography primarily due to differences in spatial accuracy and does not include all urban areas, streets, railways and ferry crossings are displayed but may not match the locations of such features on the orthophotography. Also shown are comprehensive, detailed planimetric data. It is intended to support mapping and geographic names, places and Governments, (CRCOG), and the Connecticut Office of Policy Management.

EXPLANATION
- Map prepared by CT DEP, January 2011. Map is not survey grade. Protect from light and moisture. Map is not colorfast.
