This map displays 2010 National Agriculture Imagery Program (NAIP) orthophotography for the State of Connecticut. It is a "true color" image in a 35-foot (1 meter) aerial survey taken in the Spring of 2010. The information shown on this orthophotography is not color balanced or corrected. This will cause differences in the range and intensity of colors depending on the area viewed. The location and shape of features in other GIS layers will not exactly match the locations of such features on the orthophotography. Also shown are airports, hospitals, educational facilities, train stations, and town boundaries. Important geographic locations and waterbodies are labeled.

DATA SOURCES

ORTHOPHOTOGRAPHY - National Agricultural Imagery Program (NAIP) orthophotography is provided by the USDA's Farm Service Agency through the Aerial Photography Field Office in Salt Lake City.

BASE MAP DATA - All data is based on 1:24,000 scale and displays geographic names, places and their symbols, town boundaries, highways, and waterbodies. This map data is neither current nor complete. Street data is based on TeleAtlas copyrighted data.

MAPS AND DIGITAL DATA - Visit the CT DEP website for this map and a variety of others in PDF format. Visit the CT ECO website for this map and a variety of others in PDF format.

EXPLANATION

This map displays 2010 National Agriculture Imagery Program (NAIP) orthophotography for the State of Connecticut. It is a "true color" image in a 35-foot (1 meter) aerial survey taken in the Spring of 2010. The information shown on this orthophotography is not color balanced or corrected. This will cause differences in the range and intensity of colors depending on the area viewed. The location and shape of features in other GIS layers will not exactly match the locations of such features on the orthophotography. Also shown are airports, hospitals, educational facilities, train stations, and town boundaries. Important geographic locations and waterbodies are labeled.
