This map displays 2010 National Agriculture Imagery Program (NAIP) infrared orthophotography for the State of Connecticut. It is a color infrared, 1/39 foot (1 meter) aerial survey taken during the Spring of 2010. The infrared orthophotography provides many services, such as observing crop and vegetation conditions as well as supporting identification and mapping of habitat areas. The statewide infrared orthophotography (NAIP) infrared orthophotography for the State of Connecticut. It is a 2010 Color Infrared Orthophoto Description.

**Orthophotography**
- National Agricultural Imagery Program (NAIP) is provided by the USDA’s Farm Service Agency through the USDA Photographic & NAIP Office in NASS-East.

**Base Map Data**
- All data is based on the 1:24,000 scale and displays geographic names, places, and their boundaries. Important geographic locations and waterbodies are labeled.

Protect from light and moisture. Map is not colorfast. Map prepared by CT DEP, January 2011.
