2012 Color Infrared Orthophoto
Torrington, CT
(South)

EXPLANATION
This map displays 2012 National Agriculture Imagery Program (NAIP) infrared orthophotography for the State of Connecticut. It is a color infrared, false color, 2.79-foot (0.9 meter) aerial survey taken during the summer of 2012. The infrared orthophotography provides services, such as observing crop and vegetation conditions as well as supporting identification and mapping of habitat areas. The orthophotography is provided by USDA’s Farm Service Agency through the Aerial Photography Field Office in Salt Lake City.
