EXPLANATION

This map displays 2012 National Agriculture Imagery Program (NAIP) digital orthophotography for the State of Connecticut. It is a color infrared, half on, 3.39 foot (1 meter) aerial survey taken during the Summer of 2012. This digital orthophotography provides many services, such as observing crop and vegetation conditions as well as supporting identification and mapping of habitat areas. The statewide infrared orthophotography for the State of Connecticut. It is a 2012 Color Infrared Orthophoto.

DATA SOURCES

ORTHOPHOTOGRAPHY - National Agricultural Imagery Program (NAIP) is provided by the USDA Farm Service Agency through the United States Geological Survey Office of Civil and Geodetic Services.

BASE MAP DATA - Based on data originally from the 1:24,000 scale USGS 7.5 minute topographic quadrangle maps published between 1969 and 1992. It includes political boundaries, railroads, airports, geographic names and geographic places. Rivers and streams names are from State. Details copyrighted data. These map boundaries are neither current nor complete.
