DATA SOURCES

ORTHOPHOTOGRAPHY: Aerial imagery is provided through a partnership between Connecticut Department of Emergency Services and Public Protection (DEEP), the Connecticut Department of Transportation (CDOT), and the National Oceanographic & Atmospheric Administration (NOAA), along with the United States Geological Survey (USGS) providing support through project management, contracting and quality assurance/quality control (QA/QC).

DATA LAYERS: Data in this map includes: town boundaries, railroads, airports, geographic names and geographic places. Streets and street names are from TeleAtlas® copyrighted data. Base map information is neither current nor complete.

2012 Color Orthophoto
Leaf-Off
Canterbury, CT
(Northwest)

EXPLANATION
This map displays 2012 high resolution orthophotography for the State of Connecticut. It is a natural color, leaf off, 1 foot (0.30 meter) spatial accuracy, 1 foot (0.30 meter) collection dates. Streets and street names, railroads, and airports are displayed yet may not exactly match the locations of such features on the orthophotography. Also shown are airports, hospitals, educational facilities, train stations, and town boundaries. Important geographic locations and waterbodies are labeled.
