AQUIFER PROTECTION AREAS
Darien, CONNECTICUT

EXPLANATION
The Aquifer Protection Program is administered by the Connecticut Department of Energy & Environmental Protection. The program identifies areas of the state that may be vulnerable to contamination by leaking underground storage tanks (USTs) and provides guidance to UST owners, operators, and permittees. The program is regulated by DEEP (the Connecticut Department of Energy & Environmental Protection) and is governed by Connecticut General Statute 19-421a to 19-421b.
