Preliminary areas. The Aquifer Protection Areas are
supplied by identifying the land areas contributing
to the protection program and the aquifer protection areas.

This information does not include protection areas
specifically detailed mapping of the ground water flow
system at the well field. Preliminary mapping is

DATA SOURCES

AQUIFER PROTECTION AREA DATA: Aquifer Protection Areas (AquaPROMAP) data which control the data shown on this map is available from
DEEP's website for the digital spatial data shown on
this map.

MAMACHICOTTA WELLHEAD PROTECTION DATA: The Massachusetts Wellhead Protection
Areas from which may be shown on this map were
obtained from the Massachusetts Department of
Environmental Protection. The information about
individualized protection in Massachusetts is available from
their website. This information was published in
December 2014. More information about wellhead
protection in Rhode Island is available from
sheep Island.
