NATURAL DRAINAGE BASINS
MAJOR, REGIONAL, SUBREGIONAL AND LOCAL
CANTERBURY, CONNECTICUT

LEGEND
- Drainage Basins
- Subregional Basins
- Regional Basins
- Major Basin
- Coastal Basin

EXPLANATION
The map shows the known and estimated limits of major, regional, subregional, and local drainage basins in the town of Canterbury, Connecticut. Drainage basin boundaries shown on this map are based on Connecticut LiDAR dataset for 2000, which captured ground elevation contours at 1:24,000 scale (1 inch = 2000 feet). The LiDAR dataset was used to create the Digital Elevation Model (DEM) and filled in data gaps with a 200-foot contour interval.

DATA SOURCES
- Original LiDAR Data and Digital Elevation Model (DEM) provided by State of Connecticut, Department of Energy & Environmental Protection
- Connecticut LiDAR dataset for 2000
