This map depicts known locations of state and federal listed species and critical habitat. The map is intended to assist in the identification of known locations for species that are listed as state-listed species and the land to be included in critical habitat for species that are listed as federal-listed species.

**Legend**
- State and Federal Listed Species
- Critical Habitat
- State Boundary
- County Boundary
- Town Boundary
- Interstate
- US Route
- State Route
- Ramp
- Street
- Ferry
- Railroad
- Watercourse
- Intermittent Watercourse
- Shore
- Drainage Ditch
- Dam
- Aqueduct
- Water
- Intermittent Water
- Tanks
- Rocks
- Scour Area
- Marsh
- Cranberry Bog
- Dam
- Fish Hatchery
- Aqueduct
- Sewage Pond
- Water Tank

**Explaination**
This map depicts known locations of state and federal listed species and critical habitat. The map is intended to assist in the identification of known locations for species that are listed as state-listed species and the land to be included in critical habitat for species that are listed as federal-listed species.

**NOTES**
- This map is intended to assist in the identification of known locations for species that are listed as state-listed species and the land to be included in critical habitat for species that are listed as federal-listed species.
- The map is based on data compiled from various sources and is not to be considered a definitive representation of all listed species and critical habitat areas.
- Use the CT DNR website (https://www.ct.gov/dner) to access detailed information on listed species and critical habitat areas.
- The map is not intended for legal use or for determining the accuracy of listed species and critical habitat areas.
