- Intermittent Water
- Fens
- Rocks
- Isolated Area
- Marsh
- Cranberry Bog
- Dam
- Fish Hatchery
- Aquaculture
- Sewage Pond
- Water Tank

EXPLANATION
This map depicts general locations of state and federal listed species and the need for a Natural Diversity Data Base review. To use the map, locate the project boundaries and any additional affected areas on the map. If the project’s buffer zone overlaps these areas, it may be subject to constraints. For detailed information on state listed species and the need for a Natural Diversity Data Base review, please contact the Natural Diversity Data Base at www.cteco.uconn.edu. For a detailed legend of state listed species, contact the Natural Diversity Data Base.

DATA SOURCES
- State Map December 2010
- Natural Diversity Data Base Right Data
- For source information and federal listed species, contact the Natural Diversity Data Base.
- For data up-to-date.

USE OF MAP
This map is intended to be used as a preliminary search for and locate sites and to view NDDB areas with aerial imagery. The exact species or community location falls within the project boundaries and any additional affected areas. For detailed information on state listed species, contact the Natural Diversity Data Base.

RELATED INFORMATION
See the Natural Diversity Data Base website (www.cteco.uconn.edu) for this map and a variety of tools available for users to locate sites and to view NDDB Areas with aerial imagery. For more detailed information on state listed species, contact the Natural Diversity Data Base.
