The center. Information on this map does not include somewhere within the shaded area and not necessarily in from literature or museum searches or historic records. Result of comprehensive or site-specific field and information. More detailed instructions are available.

DATA SOURCES

DEEP MAP DATA - Based on data originally from Connecticut Department of Energy and Environmental Protection (DEEP) map sources and the Connecticut Geological and Natural History Survey (CGNHS) 1:24,000-scale USGS 7.5 minute topographic quadrangle maps. All map sources are in digital format. Data sources are subject to annual and ongoing updates. Data is subject to copyright. For more information, please contact the CT DEEP Data Access Program. DEEP data is subject to the Connecticut Environmental Conservation Act.

AERIAL DATA - Derived from 1 meter resolution (horizontal) aerial photography. Data are subject to ongoing updates.

BASE MAP DATA - Based on data originally from the National Oceanic and Atmospheric Administration (NOAA) National Geophysical Data Center's National Geophysical Data Collection. The data is subject to copyright. For more information, please contact the NOAA Data Access Program.

AERIAL PHOTOGRAPHS - Taken from low altitude aerial photography. These photographs are subject to ongoing update.

THE CT DEEP STATEWIDE NATURAL RESOURCES DATABASE - Created by the DEEP Data Access Program.

EXPLANATION

This map is a report data sheet of natural areas and habitat data for the State of Connecticut. The map is produced by the Data Access Program (DAP) of the Department of Energy and Environmental Protection's Federal and State Environmental Information Division (FSEID). The map is provided to the public as a result of the Connecticut Environmental Conservation Act. The map is produced for the State of Connecticut and may not be sold or distributed to the public. The map is provided for educational and informational purposes only. The map is generated from information that is subject to ongoing updates and may not be complete.

The map is intended to be used as an educational and informational tool. The map is not intended to be used for navigation or as a substitute for the official State of Connecticut natural areas and habitat data. The map is provided as a result of the Connecticut Environmental Conservation Act.
