EXPLANATION
This map depicts general locations of areas and habitat features associated with the Natural Diversity Data Base Areas for the state of Connecticut. The data is derived from various sources and may not be complete or accurate for all areas on the map. The data is intended for informational purposes only. More detailed information is available from the Connecticut DEEP, Natural Diversity Data Base Areas, or the Connecticut DEEP website: www.ct.gov/dep.

DATA SOURCES
- DEP Map Data - Based on data acquired from the U.S. Geological Survey, Department of Energy & Environmental Protection, Public Health, Department of Energy & Environmental Protection, and Department of Agriculture & Resource Management.

RELATED INFORMATION
This map is intended to be used at an original scale equivalent to 1:24,000, as stated in the map legend.

DEP MAP DATA - See the DEP website for a more detailed description of the data sources and methods used to create this map.

DEQ AND DNR DATA - Visit the DEQ and DNR websites for more detailed information about the data sources and methods used to create this map.
