EXPLANATION
This map depicts general locations of state and federal listed species and critical habitat. The map is intended to be a tool for planning and management. The locations shown on the map are approximate and may not reflect the exact locations of the listed species or critical habitat. The map is not intended to be a substitute for on-the-ground verification. Further information on listed species and critical habitat can be obtained from the Connecticut Department of Energy and Environmental Protection.

DATA SOURCES
- STATE MAP DATA: Based on data originally from the U.S. Fish and Wildlife Service, the Nature Conservancy, and the United States Geological Survey. The map is a product of the Connecticut Department of Energy and Environmental Protection. The map is not intended to be a substitute for on-the-ground verification.
- MAPS AND DIGITAL DATA: Visit the CT ECO-MAP website (ecomap.ct.gov) for more information on the listed species and critical habitat data shown on the map.
