NATURAL DIVERSITY DATA BASE AREAS
SALISBURY, CT

EXPLANATION
This map depicts general locations of state and federal species of concern. It is intended to provide a preliminary guide to location of species of concern as state listed species and the state and federal species of concern inventory. This map is not intended to be used as a substitute for scientific studies for making decisions on species of concern status. If the property's wildlife is of concern status, it is recommended to contact the Natural Diversity Data Base staff to discuss the species of concern status and to determine if the property is within the species of concern area or the map. The map does not provide information on species of concern status or the exact species or locations. The map was prepared by the Natural Diversity Data Base staff and compiled by the Natural Diversity Data Base staff.

DATA SOURCES
1. STATE MAP DATA - Data is derived from the Natural Diversity Data Base and the Connecticut Natural Diversity Data Base.
