Ferry

EXPLANATION

This map shows potential impacts on state and federal listed species and the need for a Natural Habitat Areas (NHA) plan. Natural Habitat Areas are areas shown on the map. If the property is within a shaded area shown on the map, it is located within a Natural Habitat Area and would be considered for inclusion in the future. Visit the CT DEEP website for more information. More detailed information can be found on the Connecticul Natural Diversity database at http://www.ct.gov/dep

SEYMOUR, CT

NATURAL DIVERSITY DATA BASE AREAS

This map is intended to be used as an overview map, not as an accurate map for surveying or other purposes. No Federal, State, or local government endorsement is intended or implied.

DATA SOURCES

SEYMOUR MAP DATA - Based on data originally from the GIS Division, City of Seymour, and the Seymour Comprehensive Plan. The map shows all known natural and naturalized vegetation, wildlife habitat, and other potential Natural Habitat Areas. The map is intended to be used as an overview map, not as an accurate map for surveying or other purposes. No Federal, State, or local government endorsement is intended or implied.

SEYMOUR DIGITAL DATA - Visit the CT ECO DEEP website for more information on this map and additional data. Visit the DEEP website for preplanned and pre-approved use of the Digital Natural Habitat Analysis data on this map.
