EXPLANATION

This map depicts potential locations of rare and federally listed plants and animals in Connecticut. To protect these species, sites have been designated as Natural Diversity Data Base (N-DDB) areas, using the best available information. The map provides an overview of the locations of these areas. For more information about a specific site, please visit the Department of Energy & Environmental Protection website (www.cteco.uconn.edu).

DATA SOURCES

DATA SOURCES

- **State and Federal Listed Species**: Includes species listed as endangered or threatened under the Endangered Species Act.
- **Critical Habitat**: Areas designated as critical habitats for listed species.
- **State Boundary**: Borders of Connecticut.
- **County Boundary**: Borders of Connecticut counties.
- **Town Boundary**: Borders of towns in Connecticut.
- **Interstate**: Major highways in Connecticut.
- **U.S. Route**: U.S. highways in Connecticut.
- **State Route**: State highways in Connecticut.
- **Ramp**: Road ramps.
- **Street**: Streets.
- **Ferry**: Ferry routes.
- **Railroad**: Railroads.
- **Watercourse**: Watercourses.
- **Intermittent Watercourse**: Intermittent watercourses.
- **Shore**: Shorelines.
- **Drainage Ditch**: Drainage ditches.
- **Dam**: Dams.
- **Dredged Channel**: Dredged channels.
- **Water Tank**: Water tanks.
- **Sewage Pond**: Sewage ponds.
- **Cranberry Bog**: Cranberry bogs.
- **Rock**: Rocks.
- **Inundated Area**: Inundated areas.

**Sample Map Data**: Based on data originally from Connecticut's Natural Diversity Data Base, U.S. Fish & Wildlife Service, U.S. Department of the Interior, National Biological Information Infrastructure, and the Natural Resources Conservation Service. Map symbols are used to indicate the presence of species.

**Sample Digital Data**: View the CT ECO website (www.cteco.uconn.edu) for this map and a variety of additional information. Map symbols are used to indicate the presence of species.
